Believe Earth Heading Toward Fiery Tail of Strange New Comet

SYDNEY, Australia, Dec. 10. — (AP) — Dr. Richard Woolley, director of the Commonwealth Observatory in Canberra, said today it was possible that the Earth would pass through the 40,000,000-mile tail of a strange new comet which has flamed across the southern skies for the last two nights.

"Observations in the next few days will show if and when this can be expected," Woolley said. "If it occurs, there will be a harmless but spectacular shower of meteorites."

(The earth passed through the tail of the great comet of 1861, according to the Encyclopedia Britannica.)

Soon to Announce Farm Price Plan

OTTAWA, Dec. 10. — (CP) — Prime Minister Mackenzie King said today he would announce a plan to increase the prices paid to farmers for their livestock products.

Replying to questions from Douglas Harkness (C-Can), he recalled that he told the recent Dominion conference the government planned to boost these prices to help raise farm income.

Man Found Dead In Parked Auto

Fred A. Bulat, 6555 104 street, was found dead in a car by city police at about 1:45 a.m. Wednesday. The car, between 104 and 105 streets on 81 avenue, contained a bloodstained shotgun and a note to the police, telling him to dispose of Bulat's belongings. Discovery was made by Const. George Forrester. The body was taken to Haultain and Sons funeral home.

A PERFECT SCORE

One day recently an advertiser telephoned a news "Want Ad" to the Bulletin. "Want Ad" Department, offering a tip-off dining-room suite for sale, and appeared only one day. The advertiser said he would sell the suite quickly.

It turned out she was quite correct—because the telephone within one hour after the tip-off was on the street, and she had disposed of the furniture.

You too, can make use of this advertiser's experience—just telephone your "Want Ad" to the Bulletin "Want Ad" Department, phone 2617, and appear only one day. Your "ad" will appear in the next day's paper.

Britain Plans Stern Action In Holy Land

JERUSALEM, Dec. 10. — (AP) — High Commissioner Sir Alan G. Cunningham warned today that Britain would take "severe measures" against both Arabs and Jews of Palestine unless they halted the communal strife which has cost 172 lives in Palestine in 11 days.

Six Jews were killed today in the latest outburst of Arab anger against the United Nations decision to divide the Holy Land into Arab and Jewish states.

The attacks took place on the Jewish settlement of Gevulot, near Gaza, on the southern coast. Police drove off the attackers with gunfire.

AT NEARBY HARTI, an Arab house was blown up, killing four Arabs. The house was flanked by Hagana, according to Jewish sources who said Arab fire from

Palestine War To Start When British Leave

LANK SUCCESS, Dec. 10. — (AP) — Dr. Fadhil Jamali, foreign minister of Iraq, said today that the fight of the Moslems would begin when the British leave the Holy Land.

Commenting on the action of the United Nations Palestine Council in refusing Arab requests for full debate on the issue, Dr. Jamali told an interviewer:

"Regardless of what delegates say now, the issue is bound to come up in the Security Council when the general strike begins."

"Plans are being made over here for the fight. It will begin in full force when the British end their mandate and begin pulling troops out of Palestine."

U.S. Dollars Dwindle

Foreign Trade Reaches Near Record Proportions

By ROSS MUNRO

OTTAWA, Dec. 10. — (CP) — Canada's foreign trade in October reached near-record proportions for the first time since the outbreak of the war, according to figures released today by the Department of Finance.

The total for the month of October was valued at \$206,000,000, an increase of more than \$20,000,000 over the total for the month of September, which was valued at \$186,000,000.

The increase was due to a number of factors, including a rise in the price of raw materials and a decline in the price of manufactured goods.

The total for the first nine months of the year was valued at \$1,800,000,000, an increase of more than \$200,000,000 over the total for the first nine months of 1946.

The increase was due to a number of factors, including a rise in the price of raw materials and a decline in the price of manufactured goods.

Legion Officers Meet on L.P.P. Ban Service Club Members Ponder Question Raised By "Reds"

While provincial command Canadian Legion executive officers grappled with the problem of banning known Communists from membership at an Edmonton meeting Wednesday, concern over possible Communist infiltration has spread to the service clubs, the issue being raised by Alex Macdonald of Edmonton at a Western district conference of Kiwanis in Saskatoon.

MR. MACDONALD discussed "severing of membership" to weed out possible Communists at the Saskatoon meeting. No definite action was taken at the convention, as far as could be learned.

One city club official, vice-president Basil W. King of the Optimist, declared he was concerned over the possibility of Communist infiltration and was in favor of severe action to prevent Reds becoming members of service clubs such as was suggested at the Saskatoon Kiwanis meeting.

Other club presidents here felt certain the method would be to investigate potential members who would prevent serious Communists from joining.

IN THE CASE of the Canadian Legion, however, more specific action followed action recently by Calgary Branch No. 1, which has been asked to investigate potential members who would prevent serious Communists from joining.

President Carl Heckbert of the Provincial Legion Command, stated Wednesday the question was on the agenda of today's meeting. A decision would likely be made before the session closed Wednesday.

The Calgary branch had cancelled the membership of several members of the Legion Progressive Party.

BEN SWANKE, provincial leader, said he was in favor of the action.

Flares Raise Hope Some Escape Death

WESTVIEW FIELD, Mass., Dec. 10. — (AP) — A big Air Transport Command plane carrying 29 crew members and 19 military passengers — crashed and burned last night in the icy wilderness north of Goose Bay, Labrador. The number of survivors — if any — was unknown.

From the air, one man could be seen in the center of the wreckage waving his arms.

"Whether he is one of the survivors or a member of the ground rescue crew sent out from the Goose Bay airfield is unknown," a spokesman at the Air Transport Command headquarters here said.

FLARES SHOOTING skyward through a swirling snowstorm gave ground parties some hope that the plane might be alive.

Air Force authorities said that at first flaming wreckage and later parts of the aircraft that were believed to have been sighted from the air.

In visibility of less than one mile, rescuers have been unable to locate the plane. The wreckage is believed to be in the vicinity of the crash site.

The plane, a C-47, was en route from Goose Bay to Fairbanks, Alaska, when it crashed.

The plane was carrying 29 crew members and 19 military passengers.

Big Publicity Agent Proves 'Bust' to Police

James K. Bullin, Calgary, who claimed in Edmonton that he was "publicly agent" for the world's largest publicity agent, was "bust" to police Wednesday.

He is wanted in Ottawa on charges of passing two worthless cheques, one for \$400, the other for \$125.

Police believe he has a cousin somewhere in the east, and that possibly he is related to the English "Bully" Bullin.

After his arrest he denied being employed as publicity agent for W. E. Bullin.

Round-the-World Flight Completed

EDMONTON, B.C., Dec. 10. — (HUP) — George W. Truman and Clifford W. Evans, Jr., landed at Teheran airport at 10:45 a.m. EST, today, completing in 122 days, 23 hours and four minutes their flight around the world in the smallest planes ever to attempt the feat.

The pilots, both veterans of the air force, took off from Teheran at 11:19 a.m. last August 9 in the 19-hour Pioneer Super Cruisers.

The flight, which was the first of its kind, was completed in 122 days, 23 hours and four minutes.

Plane Crash

(Continued from Page 1)

The DC-4 type planes used by Commercial Airlines — crashed about eight miles north of the airport after a takeoff on an unscheduled flight from the Labrador airport to Westover field, with mail and cargo.

A small reconnaissance plane spotted the lone figure in the wreckage. The main ground rescue party was reported in Goose Bay, near the scene. Whether the man at the crash was a rescue member of the rescue group is not known.

A light Norden Norseman — a plane used by Canadian bush pilots — is helping direct the rescue party over the rugged snow country.

STORMY WEATHER hampered rescuers who set out at dawn today by ground and air after a reconnaissance plane sighted "scattered burning wreckage."

Ground rescue crews set out at dawn today but faced rough going over the rugged countryside near the trading post of Northwest River.

FIRST REPORTS indicated there were signs of survivors but no wreckage was later mentioned to "No known survivors."

Goose Bay radioed Army Transport Command headquarters here: "Weather presently preventing observation of progress of ground parties and of wreckage."

The report added, however, that reconnaissance disclosed scattered burning wreckage 8 1/2 miles from the field.

Maj-Gen. William H. Turner, commander of the Atlantic division of the ATC, has flown to Goose Bay to direct rescue efforts personally.

AIR FORCE MEN here were already dismantling a helicopter to place aboard a C-54 transport plane when it got here. Lieut. Stanley H. Best of the ATC, a corps, a qualified physician paratrooper, also was preparing to make the trip.

He will jump if necessary to aid any survivors.

The army said the plane crashed five minutes after it took off from Goose Bay base. There was no indication whether the ship took fire.

The army reported there was heavy snow in the area but it was snowing when the craft plunged.

KONAWA, Chib. Dec. 12 (AP)—Three men were killed today in a F-4E fighter crash near here.

Raymond Reed of the Reed Flying Service at Wewaka reported the small plane took off for three for Duncun at 5 a.m. (CST). The crash occurred a short time later.

ATHENS, Dec. 12 (AP)—Greek British and United States planes started a search at dawn today for an American C-54 military transport plane missing since last night with four persons aboard.

It was feared to have crashed in the sea off the Attica coast.

AUSTIN, Dec. 12 (AP)—Five United States air force men were killed and minor injuries yesterday when they parachuted from a burning cargo plane about 30 miles northwest of Bergstrom army air field here. The plane crashed in flames at a farm.

Foreign Trade

(Continued from Page 1)

Establish a record for a month. Exports for this period increased to \$250,800,000.

Total foreign trade for the first 10 months of the year aggregated \$4,435,500,000—the highest in any similar period.

But the anomalies of foreign trade left Canada with an adverse overall balance in October of \$800,000 correct compared with a favorable balance of \$13,400,000 in September.

Other items in addition to freight exports and imports are included in this calculation.

The dominant influence in this adverse balance was the growing deficit with the United States resulting from larger Canadian purchases by Canada in the U.S. than U.S. purchases in Canada.

Canada, however, had an overall favorable trade balance for the first 10 months of the year of \$13,300,000 compared with \$342,500,000 for the same 1946 period.

Service Clubs

(Continued from Page 1)

of the Labor Progressive Party is a member of Edmonton Canadian Legion Branch No. 24, and other adherents of the party are also members of the branch.

In British Columbia, Major Francis Chalmers, Roman Catholic chaplain of St. Paul's Hospital, Vancouver, declared "a handful of Communists were taking over the campus at the University of British Columbia."

Following are statements issued by heads of the various Edmonton service clubs on the question of Communist infiltration:

Paul W. King, vice-president, Edmonton Optimist Club, personally is deeply concerned over the possibility of Communist infiltration of service clubs. Although I don't think we have any need to worry about any Communist club at the moment but you never can tell. I am therefore in favor of the principle of screening new members. The service clubs are today important organizations in all Canadian cities. Communists gain membership could exert strong influence in this way.

Wilson Faulstich, president, Edmonton Lions Club, All prospective members are pretty thoroughly investigated. Our international organization in all ways defends the principle of personal liberty but as character is the main qualification for membership in the Lions Club, we have never had any trouble with our members in the Edmonton club here although I do not doubt that Communist might attempt their familiar infiltration tactics.

Johnny Norrington, president of the Commodore Club, I disagree with the principle of screening because I don't believe it necessary. In England where a man can speak his mind freely on any subject, the Communists are getting no where. I think the more they are allowed to speak the sooner people low interest in them. I have never had any trouble with our members in the Commodore club here although I do not doubt that Communist might attempt their familiar infiltration tactics.

Ray Henry, president of Edmonton Kiwanis, I think the problem concerning Communists attempting to infiltrate service clubs is pretty generally solved. As to our own Edmonton club I doubt if there are any Reds but of course it's possible that one or two might "sneak in."

Our membership committee investigates applicants for about two weeks before recommending membership. Then the general membership can voice objections if it is deemed necessary. By this method I don't think the Communists are able to obtain membership. I also believe that the Communists are more anxious to get in organizations in the service clubs.

Jack Ramsey, national president, Association of Canadian Klansmen Clubs, The question of Communist infiltration of service clubs is no problem and as a result membership committees can pick and choose pretty carefully. As to our own Edmonton club I doubt if there are any Reds but of course it's possible that one or two might "sneak in."

Strange Comet

(Continued from Page 1)

deluded newspapers with queries. Woolley described the comet as the brightest he had ever seen and said it was more spectacular than the famous Halley's comet, last seen in 1910.

THE COMET WAS 15 degrees south of Venus, most prominent star of the southern skies.

Officials at the Commonwealth Observatory at Canberra tried to photograph the comet last night but clouds made the attempt unsuccessful.

ADELAIDE, Australia, Dec. 10.—(Reuters)—Before the year 2000 there will be "another comet, the most destructive of all wars and the end of the world," according to Ahmar Ganga Singh, an Indian claiming to be 114 years old, who has been described by George Dowdell, Australian government astronomer, as "a great and mysterious man who goes to Regina."

Frank King, president of Edmonton Rotary Club, the fourth objective of Rotary is the furthering of international goodwill and understanding. Every candidate for membership in Rotary is asked if he agrees with the four objectives of the organization before being admitted to membership. We feel convinced that all who agree to the objectives are safe for membership in Rotary. The issue of Reds as members has never arisen here.

He made another prophecy today that "seven sunspots" the centre of "volcanic activity" will be visible in this area two minutes after midnight Christmas day.

"PEOPLE IN ENGLAND" laugh when I predicted in 1982 that a great comet would appear in six months, but many committed suicide when the comet came, Singh declared.

Some Australian aborigines find fire-making so difficult they make long journeys to neighboring tribes to borrow a light.

Less Than Demand

Civil Servants Await Salary Level Raise

By Chester Bloom

Edmonton Bulletin Ottawa Bureau

OTTAWA, Dec. 10.—Civil servants in Ottawa are awaiting expectantly implementation of the unofficial news concerning to them that the general civil service salary level will be raised approximately 22 per cent.

The first of the increased pay cheques probably will be issued January 15 on the basis of the permanent list and on January 20 to the so-called "non-permanent" employees.

The 22 per cent increase is a general over-all pattern—it will not be a flat, across-the-board increase but based on the pattern of "actual need in relation to the cost of living in various sections of the civil service."

This decision was made on the basis that the cost of living index has advanced 43 points since 1939 and to compensate for that, the general increase, according to top level information, has been fixed at 22 per cent chiefly where cost of living increases demands immediate relief. This means that the greater bulk of the increases will go to the lower salary levels.

However, it is also to include adjustments where the responsibilities of the office are not reflected in the salary. Such was the case in the raises passed by order-in-council Monday evening, the deputy clerk, the secretary, the clerk, and the law clerk of the House, whose pay was raised to the \$6,000 level from \$5,120 for the first two and from \$4,620 for the law clerk.

This system was adopted rather than going back to the wartime arrangement of tying civil servant salary increases to the cost of living index.

The increases will not, however, fully meet the demands of civil servants whose association recently submitted to the commission demands for increases on the following basis:

Classifications—grade 1 minimum \$1,200 with annual increases up to \$1,500 maximum. Grade 2 minimum \$1,500 to \$2,500 maximum. Grade 3, \$2,500 to \$3,500 maximum. Grade 4, \$3,500 to \$4,500 maximum. Grade 5, \$4,500 to \$5,500 maximum. Grade 6, \$5,500 to \$6,500 maximum. Grade 7, \$6,500 to \$7,500 maximum.

SCIENTIFIC and administrative classifications—probationary grade, \$2,400 minimum to \$2,600 maximum. Grade 1, \$2,700 to \$3,200 maximum. Grade 2, \$3,500 to \$4,000 maximum. Grade 3, \$4,500 to \$5,000 maximum. Grade 4, \$5,500 to \$6,000 maximum. Grade 5, \$6,500 to \$7,000 maximum.

The civil servants claimed that their average standard of living is now below that of before the war. However, the commission in consultation with the government decided that in permitting increases, latitude would be exercised in determining need instead.

Trade Pact

(Continued from Page 1)

afa was in "danger of more and more falling under the domination of the United States."

Though he had the "greatest respect" for the American people, he would not want to exchange the "domination" of London's Downing Street which Mr. King had long sought to avoid, for the "domination" of Washington.

John Maclean (S.C. Leithbridge), speaking for the Social Credit group, also urged detailed study of the agreement.

Reconstruction Minister Howe stepped into the debate just before adjournment and indicated the government "must agree to the opposition requests for examination before a committee."

It was disclosed that Mr. King had arranged for a senate committee to study the agreement and said that if Mr. King's suggestion that the Commons examine it in the committee of the whole house was not acceptable, then the alternative suggestion of committee hearings would be considered.

There was nothing, he said, to indicate that the government was trying to "sell" the agreement through the house.

It was the "most far-reaching" agreement Canada ever had signed and yet the government was being criticized for calling Parliament into session to discuss it. He wondered what would have happened had the administration let the pact become operative Jan. 1, the effective date, without summoning Parliament.

CANADA HAD MORE to gain from the agreement than any other country which was party to it and she had gained more than the others.

Mr. King said Canada firmly believed that prosperity depended on a high level of multilateral trade.

He said that while the basis of the British preference has been altered by the government, which restricts the preference to items set forth in accompanying schedules, "these have been drafted so broadly that neither Canada nor any other Commonwealth country has taken up any preferential position which it regards as important."

Mr. King said the agreement would go through three legislative stages before there was the resolution now before the house, then a resolution relating to tariff changes and, thirdly, the introduction of legislation necessary to give effect to the agreement. It would not be possible to give consideration to all of the legislation before Parliament adjourns for Christmas and New Year's.

HE SAID the general agreement may be modified at a further conference now being held in Havana. If that happened, the modifications would be brought to Parliament for approval later.

It was the government's view that the agreement was of "far-reaching importance" to Canada and the world at large. In effect, the pact was a balanced and conclusive measure aimed at promoting world peace as well as trade.

Hart's Farewell To Liberal Party

VANCOUVER, Dec. 10.—(CP)—Premier John Hart of British Columbia yesterday made farewell to the provincial Liberal party, of which he has been leader since 1941 and which today selects his successor.

In October the leader of B.C.'s coalition government announced his intention to turn over the reins of party leadership at the next convention and to recommend his successor to the lieutenant-governor as head of the government.

Yesterday's rally was held in a 10-minute address he thanked the 600 delegates for their support and said he would leave the province in a few days.

He told the delegates he was not taking sides in the election of the new leader. Only constructive action in the field so far as Attorney-General Gordon Wagner and Bruce Johnson, legislature member for New Westminster.

Pray The Penalty

PRAGUE, Dec. 10.—(AP)—Gen. Hermann Hoeffler, who commanded German occupation troops in Slovakia, and Hans Ladin, former German ambassador to the puppet Tito government, were executed by a firing squad yesterday, it was announced here. They were convicted last week on atrocity charges.

Gershaw Would Lift U.S. Cattle Embargo

By George Ronald

OTTAWA, Dec. 18.—(CP)—Importance of Canada's general export trade and the need for relaxation of the embargo on shipment of Canadian cattle to the United States were stressed yesterday at the senate opening discussion of the Speech from the Throne.

SENATOR Charles F. Bennett (L.-Alb.) moved adoption of the speech, said that economically and politically Canada could not be isolated. For that reason it was in Canada's interest to do as much as she could to assist in the restoration of Europe.

Seconding the motion, Senator Fred W. Gershaw (L.-Alb.) urged that the cattle embargo be relaxed. He said such a move would make the Dominion unable to fulfill her export commitment to Britain.

Liberal and Conservative leaders referred to the deaths during the seasonal recess of Senators C. McGeer, W. J. Harmer, W. E. Foster, and J. J. Brann. Several

Minor Crimes In Majority

OTTAWA, Dec. 18.—(CP)—The Royal Canadian Mounted Police uncovered itself more with minor crime and less with such major crimes as murders during the year ended last March 31, Commissioner S. T. Wood said in his annual report to parliament.

The report, tabled in the commons, said the jump in thefts and similar offences is attributable partly to the fact that steady employment in some industries has fallen off thereby leaving persons with criminal tendencies . . . with more time and possible opportunity to carry out unlawful acts.

Part of the increase was in juvenile crimes. The force listed 1,290 cases involving 1,538 juveniles.

The number of criminal cases handled by the RCMP was 24,613, compared to 18,222 in the previous 12 months.

Britain Turns To Australia

LONDON, Dec. 18.—(AP)—Food Minister Strachey told a press conference yesterday that "it is too early to say" whether Britain will be able to buy any bacon in Canada next year.

He replied to a question whether the government's economy program would permit continued purchases in the Dominion which is the main supplier of the British ration of one ounce weekly.

Strachey announced that the House of Commons on Dec. 17 passed a bill for £2,000,000 (\$12,000,000) saving in bacon purchases of 175,000 tons from dollar-country areas in the year beginning Oct. 31.

Strachey said that the government's economy program would permit continued purchases in the Dominion which is the main supplier of the British ration of one ounce weekly.

Oil Workers Vote On Wage Boost

VANCOUVER, Dec. 18.—(CP)—More than 200 Imperial Oil Co. employees at nearby Loko, B.C., will vote next week on acceptance of an 11-cent hourly wage boost.

Mr. Radford said the workers, members of the United Oil Workers of Canada (UOWC), had asked for a 10-cent raise, but that acceptance of the 11-cent offer seemed "a certainty."

The report, tabled in the commons, said the jump in thefts and similar offences is attributable partly to the fact that steady employment in some industries has fallen off thereby leaving persons with criminal tendencies . . . with more time and possible opportunity to carry out unlawful acts.

Part of the increase was in juvenile crimes. The force listed 1,290 cases involving 1,538 juveniles.

Demand Control On Fuel Exports

WASHINGTON, Dec. 18.—(AP)—A fast-moving senate subcommittee urged Senator Charles W. McNary (R.-Ind.) yesterday reached out in all directions for causes and possible solutions of coal and oil shortages, particularly in the interest of New England States.

No decision was reached immediately.

Demands from several New England quarters that coal and fuel shipments to Canada be placed under license or otherwise controlled, were virtually brushed aside.

Oil and coal spokesmen said the tight spots were occasioned by a lack of tankers, lack of cars and coal cars to move their fuel. A lack of steel was termed another bottleneck.

Lived 30 Years In Arctic North

VANCOUVER, Dec. 18.—(CP)—Sir Andrew G. Stewart, 64, who left a son, died today after a long illness. He had lived in the Arctic north for 30 years.

He was born in Norway, he left a son, died today after a long illness. He had lived in the Arctic north for 30 years.

He was born in Norway, he left a son, died today after a long illness. He had lived in the Arctic north for 30 years.

Will Provide Food Export Data

OTTAWA, Dec. 18.—(CP)—Agriculture Minister Gardiner agreed in the commons yesterday to provide figures on shipments to date of bacon, hams, cheese, eggs, mutton and lamb under food contracts with the United Kingdom.

He told John Bracken, Progressive Conservative leader, the information would be made available later.

Machinery Stored

WASHINGTON, Dec. 18.—(AP)—Congressional investigators said yesterday more than \$7,000,000 in machinery manufactured for Russia and "surplus" for shipment to that country is stored in War Assets Administration warehouses.

Japanese Claims Often Confusing

KAMLOOPS, B.C., Dec. 18.—(CP)—The difficult task of bearing frequently-conflicting claims from Japanese-Canadians for insufficient returns on possessions sold by the custodian of enemy property, raising the Japanese claims commission hearings behind schedule.

The seven claimants, who have appeared in the last two days before Mr. Justice Henry J. Bird of the British Columbia court of appeal—the one-man Royal Commission—have asked a total of more than \$20,000 from the federal government.

In yesterday's afternoon session, Hideo Minamimaye, an elderly fisherman from Kamloops, B.C., declared he had lost \$1,300 through the government's disposal of his possessions.

He said that when evacuated in 1942 he left nets and fishing equipment in a cattery at Sea Island, B.C., expecting to return and pick them up. Col. John W. G. Hunter of Toronto, counsel for the Dominion government, said that Japanese, like Minamimaye, left equipment behind tagged only with their surname.

Second Payment On Beet Crop

LETHBRIDGE, Alta. Dec. 18.—(CP)—Beet growers amounting to \$600,000, representing the second initial payment on sugar beets grown in Southern Alberta, are en route to growers.

They constitute a payment of \$9.50 a ton for more than 70,000 tons of beets delivered after Oct. 20.

The first initial payment, covering beets delivered before the cut-off date, was made Nov. 4 and totalled \$2,750,000—the largest single payment made in the 45-year history of Alberta's sugar industry.

Subsequent payments are to be made during 1948. It is expected the 1947 crop of beets will yield growers a third total payment of more than \$15 a ton.

United States Of Europe

TORONTO, Dec. 18.—(CP)—A United States of Europe is the only answer to the question of world security, secretary for the Russians and guarantee against revival of German military power, said Senator William G. Fairbanks of Arkansas here last night in a lecture at the University of Tor.

Japanese Claims Often Confusing

KAMLOOPS, B.C., Dec. 18.—(CP)—The difficult task of bearing frequently-conflicting claims from Japanese-Canadians for insufficient returns on possessions sold by the custodian of enemy property, raising the Japanese claims commission hearings behind schedule.

The seven claimants, who have appeared in the last two days before Mr. Justice Henry J. Bird of the British Columbia court of appeal—the one-man Royal Commission—have asked a total of more than \$20,000 from the federal government.

Canada to Admit Estonian Refugees

OTTAWA, Dec. 10.—(CP)—Twenty-three Estonians, including eight women and a 15-year-old boy, who crossed the stormy Atlan-

tic in a 46-foot sailboat but were refused entry to the United States, will be admitted to Canada soon, immigration officials announced yesterday.

Landing at Savannah, Ga., after a hectic two-month battle with Atlantic gales, the 23 were taken to Ellis Island, N.Y., and later granted temporary entry into the United States, with the understanding they would be permitted to find shelter in a country built on the democratic principles in which they believe and for which they stand.

The Canadian Lutheran World Relief Organization in Winnipeg took up the Estonian case. In a letter to Canadian immigration officials, the organization asked consideration "on purely compassionate grounds and to afford them the opportunity of beginning life again in a country built on the democratic principles in which they believe and for which they stand."

Search Authority Permitted by Act

OTTAWA, Dec. 10.—(CP)—Finance Minister Abbott said yesterday's mental and physical requirements.

day in the Commons he believed that the Foreign Exchange Control Act, which contained parts of the Customs Act, gave customs officers authority to search persons suspected of attempting to breach Foreign Exchange Control regulations.

He was replying to John Diefenbaker (P.C.) who asked whether under what authority persons were being searched and if some cases stripped as they crossed the border.

According to waitresses, best players are movie directors and some horse owners. The worst are baseball players, barbers and dunces.

DISTRICT NEWS IN BRIEF

Problems Of Dramatic Society Are Outlined

STETTLER, Dec. 10. — E. R. Whitehouse of the University of Alberta, president of the Town Hall Value of Dramatics in the Community." Mr. Whitehouse outlined the problems of the recently formed Stettler Dramatic Society.

IN HIS ADDRESS, Mr. Whitehouse dealt with the problems that are usually faced in the beginning by a new dramatic society and stressed the necessity for careful planning and some basic training before actual work on a play is begun.

The successful preparation of a play, he said, required the active participation of three groups of people, each under a competent director. A stage crew, which will construct the flats and arrange the stage lighting, a director, who will supervise the preparation of the play, and actors, who will take part in the actual play.

THE MEMBERS of the society present at the meeting decided to hold regular meetings every two weeks starting Jan. 9, for study and discussion, and commencing on Jan. 16, Mr. Whitehouse will return to Stettler for a series of three monthly meetings, at which he will lecture on stagecraft, the art of directing, and the art of acting.

The society hopes to prepare two one-act plays for presentation this spring; and Mr. Whitehouse has promised to give his assistance.

Name Officers

BENTLEY, Dec. 10. — Annual meeting of the Women's Association of the Bentley United Church was held at the home of Mrs. George with Mrs. Hopkins as hostess.

The Rev. C. A. Morris, who presided at the election of officers for the coming year. Mrs. H. H. Haddad was re-elected president and Mrs. M. Haddad vice-president. Mrs. M. Haddad was elected secretary-treasurer.

Repair Ski Hut

RID DEER, Dec. 10. — Members of the Red Deer Ski Club on Sunday afternoon put the finishing touches on their ski hut near their mill in North Red Deer. The building was previously used as the firing range of the former mill here. A fine ski hill was built during the summer and snow is now available. There are about 40 members in the club now with Milton Knight as president. The club will hold a meeting in the City Hall on Dec. 19 when four special ski pictures will be shown.

Harvest Grain

STETTLER, Dec. 10. — Harvested the first snow fell here on Nov. 15, but the grain was not yet harvested. The weather during the last two weeks combining has become generally clear, especially in the area north of Stettler. While the grain is grading, about 100,000 bushels of grain are being saved, hundreds of dollars by getting it in now.

Elect Officers

ATHABASCA, Dec. 10. — Mrs. J. D. Galloway was elected president of the Evening Branch, Anglican W. A. at the annual meeting of the branch recently. Other officers elected are: Mrs. Colin Freese, vice-president; Mrs. Betty Will, secretary; and Mrs. Ina Scudliffe, treasurer. Archdeacon Little presided during the election of officers.

Open New Manse

STONY PLAIN, Dec. 10. — The new Lutheran Church manse was officially opened recently. About 350, under the guidance of Dan Gitzel, visited the new building. Shortly before closing time, Dan Gitzel presented the pastor's wife, Mrs. Jane, with a purse of money following the presentation the Rev. Mr. Rademacher expressed his admiration for the work done by the building committee in erecting the building.

Mark Anniversaries

DAYSLAND, Dec. 10. — A double

Nominate E. Hardy Bruce Candidate

VIRKING, Dec. 10. — E. Hardy, general sales manager in the Holbrook, was nominated as a candidate for the Social Credit party at the nominating convention held by the Bruce constituency Social Credit convention at Virking yesterday. Mr. Hardy received four nominations but Mr. Hardy received the nomination on the first ballot and was later declared the unanimous choice of the convention.

At the evening meeting address were given by the candidate, Hon. R. E. Hardy, minister of education, Dr. Byrville, federal Social Credit nominee for Camrose riding and Chester Savers, M.L.A. for Camrose constituency. Mr. Hardy did not stand for re-election on account of his health.

C. T. Johnson Heads Botha Curling Club

BOTHA, Dec. 10. — C. T. Johnson was re-elected president for the 1947-48 season of the Botha Curling Club at a recent meeting. Other officers are: vice-president, Earl Crulshaker; secretary-treasurer, Herb Fisher; directors, E. Teeter, G. Kerl, J. B. Groves, and R. H. Grunier.

Many games have already been played between Botha and visiting clubs, but the season will officially open with a bonspiel. Twelve rinks have already entered thespiel.

Stettler May Get Natural Gas Supply

STETTLER, Dec. 10. — There is a possibility that Stettler may soon be supplied with natural gas from a well close to the town limits. It has been learned that a natural gas company has undertaken to commence drilling a natural gas well in the Stettler area as soon as possible. The Town Council recently passed a resolution which authorized a franchise to the ratemakers provided drilling commences before April 22, 1948 and if the company obtains gas, nominated are: honorary president, Mayor J. W. G. Morrison; president, E. Sweetman; vice-president, W. Sutherland; J. Miller, second vice-president; A. Katz, K. MacDonald, G. Martin and H. Alton, executive committee; A. M. Watt, G. Martin, A. Holle, K. MacDonald, A. Katz, J. Kirk, W. Sutherland, P. Brimacombe, P. Harrington, S. A. Hecker, T. Wilson, S. Mayhew left to be elected: chaplain, the Rev. T. W. Teape.

A report from the finance committee showed that more than \$8,000 had been raised for the building fund. The meeting went on record as opposing the sale of the Gilchrist ranch near Vermilion where a huff territory would be established.

Elect Mrs. Chew

HARDISTY, Dec. 10. — Royce UFWA elected officers for the coming year recently following the annual Christmas gathering at the home of Mrs. B. Flade. The officers are: president, Mrs. Harry Chew; vice-president, Mrs. J. L. Lauer; secretary-treasurer, Mrs. Oakley Clark.

Plans were made for the annual bazaar and what will be held in the Royce community hall on Friday and it was decided to send Mrs. Chew to the UFWA convention in Edmonton in January as the Royce delegate. She will be accompanied by Mrs. Flade.

Hold Shower

ATHABASCA, Dec. 10. — A shower was held recently at the home of Miss Zona Nelson for Miss Shirley Lewis, bride-elect. Many lovely gifts were presented to her. An entertainment program followed the presentation of gifts.

Married 50 Years

STONY PLAIN, Dec. 10. — Mr. and Mrs. Henry Miller old timers of Stony Plain, celebrated their golden wedding anniversary recently. All of the children, with the exception of Henry, of Detroit, attended the reception and celebration.

Re-Organize Puck Club

STONY PLAIN, Dec. 10. — Walter Rosenau was elected president of the local hockey organization here recently. Dick Kenny is vice-president, L. J. Miller, secretary, Alberta Jones, manager and Cliff Laver, coach.

Finance committee elected consists of M. Teastuk, Stan Kowalski and Harold Anderson. The club voted unanimously to join the southern section of the Intermediate "B" league. The league consists of Morinville, Park, Saskatchewan, Nampa and North Edmonton in the northern section and Leduc, Camar, Thurstey and Stony Plain in the southern section.

Honor Bride-Elect

BOTHA, Dec. 10. — A miscellaneous shower was held in the Botha United Church recently in honor of Miss Ella Wuechke, who will be married soon.

Goal Will Likely Be Well Exceeded

LONDON, Dec. 10. — (A.P.) — British miners brought up more last week than at any time since mid-1946. The official figures said tonight, making virtually certain that the 300,000,000-ton target for the year will be exceeded. Last week's output was given as 4,298,700 tons. The "goal year" ends on Dec. 31, and only 100,000 tons more are needed to reach the goal.

To Open New Road In Central Alberta

Official opening of the new gravel highway from Pethulu to Stony Plain, W. Ed. Friday, was announced Tuesday by Hon. W. A. Fallick, minister of public works, who said the road will be officiating at the ceremony. The road returned on Monday evening from another similar ceremony when he opened a bridge at Red Deer.

King Farewells French Diplomat

OTTAWA, Dec. 10. — (C.P.) — The French ambassador to Canada, Count Jean de Hatelot, yesterday left Ottawa by plane for New York where he will sail to Europe to take up his new appointment as French ambassador to Belgium. Prime Minister King was at the airport to bid farewell to Count de Hatelot.

Count de Hatelot has been the French ambassador in Ottawa since 1945. A successor is expected to be named soon. The term "lunatic" is derived from luna, the moon, which was supposed to have an effect on mental disorders.

Escapes Get 3 Years in Pen

VANCOUVER, Dec. 10. — (C.P.) — Three youths, who escaped from Okalla prison farm with 12 others Nov. 20, Monday were sentenced to three years in penitentiary when they pleaded guilty to breaking and entering the police break only two of the 14 youths are at large.

Two-thirds of all the deaths from tuberculosis occur before the age of 30.

Chrysler

BRINGS YOU A NEW KIND OF RIDE

CHRYSLER SAFETY-RIM WHEELS WITH SUPER CUSHION TIRES GIVE YOU A SMOOTHER, SAFER RIDE

Again Chrysler brings you something new. This time, a major development in tire design—the new, revolutionary Super Cushion tires. These pillow-like tires combined with the famous Chrysler Safety-Rim Wheels make a perfect team for safety and smooth riding.

With Chrysler Safety-Rim Wheels it is practically impossible for a tire to twist or pull off the rim in the event of a blowout. Super Cushion tires with their 26½ more air volume at only 24 pounds maximum pressure provide a "softer" air and cooler running which lessens the chances of a blowout. These new tires mounted on Chrysler Safety-Rim Wheels and Chrysler's advanced weight-distribution give you a new kind of ride—a safer, smoother ride than you've ever enjoyed before. The combination of these new tires with Chrysler Safety-Rim Wheels will establish new standards of safety in motoring.

Super Cushion tires and Chrysler Safety-Rim Wheels are STANDARD equipment on all Chrysler models.

Chrysler engineers have done wonders to cushion their cars against up and down shocks (left). Latest cushioning system has been satisfactorily absorbed until conventional SUPER CUSHION tires. Pillow-like tires absorb road shocks and give a surprisingly smoother, "cushioned" ride.

Wife's Flirtations Create Injustice

Dear Miss Din: Is there anything wrong with a married woman flirting a little if she doesn't go any further? My husband says I am cheapening my marriage in the eyes of all my men friends and the other men with whom I first lay the eye is adduced and he is willing to institute that I would go too far.

DISGUSTED
ANSWER: I think it is your husband, instead of you, who has the right to use the word "cheapened." If it must be a mortifying experience to a husband to have a wife who is so bored with him that she has to turn to other men to put a little pep into her life, certainly there is nothing more central in all the ups and downs of married life than that. Every husband should spend their days toiling like slaves to provide their wives with expensive beauty treatments and fine clothes to use to attract other men. Yet we see it being done about as every day. But if the philandering ladies think that they should be paid for believing that they mean no harm and are just having a bit of fun with the men, they are very mistaken.

For a wife is often free to have a husband who is not a man. She may have him, as she has an affection for him. He is the center of her world or he is not. There is no middle road.

FLOWERS CARRY GOODWILL BEYOND THE OFFICE DESK

Send Flowers
TO YOUR BUSINESS FRIEND AND HIS WIFE

He is a good customer of yours, probably he has often talked about you to his wife. Why not wish them both a Merry Christmas with a bunch of colorful flowers?

Try it—and see how much warmer your welcome will be when the holiday is over and you're down to business again.

For a better selection, and good value, buy where you see the Allied Florists emblem.

ALLIED FLORISTS AND GROWERS OF CANADA, INC.

The Book of Knowledge (Department: Familiar Things)

This and the following articles are taken from the Book of Knowledge and can be clipped for saving in a reference book.

HAZARDS OF A FIREMAN'S LIFE

Firemen in his American cities are chosen very carefully. First the applicant must pass the mental test set by the Civil Service Commission. Then he must pass a physical examination. Then he may be put on probation. He must attend a college training

course to build a "chain" of ladders hanging from the windows up to the top. A man is stationed at each window. In this drill when the first man reaches the first window, he fastens himself to his ladder by means of a large steel snap attached to a strong canvas belt about his waist. Then he reaches down and pulls up another ladder, passed to him by the man below.

At the top of each ladder is a long hook which just fits over the sill of a window. The first man

falls flat, his face in his hands, during the winter.

The falling wall is another common danger. Sometimes a brick wall will buckle to the middle and crumble, dropping like a curtain. The falling bricks are then swiftly dodged. But quite often the whole wall will fall straight out, reaching across the street and remain almost solid until it strikes the ground.

Firemen class and molen lead are other perils met with at almost every fire. On a fireman may strike a large building not yet in full

frame, encounter thick smoke and lose the way out. In such a case the experienced fireman immediately jumps down the stairs and follows it to the entrance.

A later article will tell how water-front fires are fought with fireboats.

Important fact is the danger faced by a fireman who is trapped in a burning building. What is an Alligator? What is a

Flame? What is a Christmas Seal?

Report Increase In Disease Cases

A total of 65 communicable disease cases were reported to the city health department during the week ended Dec. 5, compared with 52 the previous week, according to a statement filed with the city commissioners by Dr. G. M. Little, municipal officer of health.

There was an increase of eight in the number of gonorrhea cases, and of seven in the number of cases of acute rheumatism, but the number of cases of diphtheria, scarlet fever and measles were the same.

TOMORROW: What is an Alligator? What is a Flame? What is a Christmas Seal?
